

Fathers' Night at Kindy

We had so much fun last Thursday when we invited our dads, granddads and uncles to Kindy.

We played and painted and hammered all night.

We even shaved dad's face which was a funny sight!

We made cars and boats and planes from wood,
And our creations from boxes looked really good!

We loved singing songs to our special guest,
And we gave them a trophy because they're the best!!
