27 Oct 2022

Dear Parents and Caregivers

Each year NSHS provides a comprehensive High School Transition Program. This program is developed to meet the needs of students, parents/caregivers, local schools and communities.

Goals for a successful transition

- To support students academically, socially and emotionally during the transition from Primary School to High School
- To ensure that students and caregivers feel as if they belong to the NSHS community
- To promote the development of positive and resilient relationships across the school community based on Respect, Responsibility and Tolerance
- To enable students and parents/caregivers to connect with key staff across the school
- To familiarise students with school grounds and school processes: ordering lunch, late notes, out of uniform cards, out of bounds areas
- To enable the handover of emotional, social, academic and behavioural data from Primary Schools to key Secondary staff
- To enable the students to see NSHS as a safe place
- Explicitly teach skills to help students manage the changing working environment. e.g. time management, movement between classes

Our next step in the transition process is a one hour intimate session with the students from each feeder school. Your time is outlined below.
On the day: You or your school will be required to supply transport to and from the high school. Please park on either the courts at the top of Homer Street or the Administration Parking and make your way to the Administration Building to sign in. Please sign in and be ready to go from your allocated time. Tara Percival and I will be coordinating your time here at the high school. We will not be interrupting any sessions for recess or lunch. Please manage the students' physical needs around the schedule allocated.

Your child will be required to wear their school uniform and bring with them a water bottle. Activities will include

- get a look at the high school grounds,
- have their ID photo taken,
- workshop the NSHS Behaviour Matrix,
- start talking subject selections,
- question & answer time; and
- a whole lot more

Fri 4 Nov, Week 4	**School**
9:15am-10:10am	Williams Primary School
10:15am-11:10am	-
11:15am-12:10pm	St Matthews School
